

Alan and Babs Dial
IMB Missionaries to The Basotho People
Lesotho Africa

The greatest benefits to the Basotho Team missionaries when a Mission Team Inc. (MTI) team arrives on site are leadership and logistics advantages. We know when MTI schedules a team they will arrive prepared and passionate, qualified and competent. We know and have confidence in the leadership at MTI. We know that their preparation prior to arrival will ensure when the boots are on the ground, we can go to work quickly and effectively. We know that MTI will bring a team ready to work within the strategy established on the field. We are privileged to have a relationship of friendship and trust with Mission Team Inc. We pray that God allows us to continue to carry the salvation story to the Basotho People as partners with MTI.
